# **STYLE LIVING ARCHITECTS LIMITED**

---

**STYLE LIVING ARCHITECTS LIMITED** are talking about sustainable living. We cannot ignore the importance of preserving the environment where we live in. It is a reality that the need for housing is increasing day by day and with this, the detrimental effects on the environment are also rising as unplanned developmental activities are contributing to the pollution of our surroundings.

We need to ensure a better living environment for our communities as well as for our future generations and at **STYLE LIVING ARCHITECTS LTD.** are sensible to contributing to the world through green architectural design.

Since 2010 we have adopted design policies to minimize the effects of construction works on our environment and in the process trying to uplift the conditions of the neighborhood. We work on design policies so that the neighborhood feels encouraged to follow the sustainable design style which might help us to have a livable world. However, we would like to mention that to have a better world we also need people's participation at all stages, raise awareness about the environment and generate interests among themselves to protect their own surroundings. We must not forget that along with planned developmental works we need to maintain ecological balance and try to conserve the natural resources of our environment to ensure sustainable life for us and for future generations to come.

## **OUR PHILOSOPHY**

**STYLE LIVING ARCHITECTS LIMITED** is founded on the belief that buildings transform the life of people and communities. It believes that the quality of our surrounding has a direct influence on the quality of our lives.

**STYLE LIVING ARCHITECTS LIMITED** core philosophy lies in using simplicity as the essence of good design. While achieving a high level of functionality and efficiency. Though following such approach, **SLAL** creates the desired atmosphere for the users to enjoy their experience inside the building. It comes in the best possible economic, social, environmental valuable solutions. At the intersection of simplicity and technology comes the innovative design recasting **SLAL** vision into a more groundbreaking and creative principles. In addition, **SLAL** promises to apply an interdisciplinary design methodology that erodes boundaries between different design disciplines pioneered by its parties. In the appreciation of our clients' visions their needs become our targets.

We collaborate with our clients in every level during the design process to serve their goals. Our client's vision guided with our experiences comes in an outstanding result. **SLAL** is dedicated to change the life of people by its design. Our deeply rooted concern is answering the society needs through our buildings while maintaining a balanced sustainable use of resources. Providing the opportunity for a better life with economic growth and development.

## OUR VISION & MISSION

**STYLE LIVING ARCHITECTS LIMITED** in the next future years, intended to be the number one leading company in the region. An outstanding dedication to clients. We take leadership to a new level by promoting professionalism, balanced design, technical capabilities, applied technology, and quality in service. We must achieve a better-built environment, preserving specific social values in a modern context. **SLAL** plans further to enlarge the researcher and development department, believing that science, research, and analysis improve our architecture practice. Our vision is dedicated further to create tomorrow's generations of architects and engineers to continue the progress and advancements of our company.

**STYLE LIVING ARCHITECTS LIMITED** mission is to build aesthetically valuable and inspiring architecture that enriches the lives of people and creates a better world to live in. **SLAL** aims to be one of the leading companies in the Bangladesh that values the life of people through the creation of the space. **SLAL** design approach is willing to be in full harmony with history, culture, and full integration with the natural environment through the use of current-technological provisions. Our higher mission is to participate in shaping the future of the world by creating a safe sustainable livable community through our architecture.

## OUR EXPERTISE

**STYLE LIVING ARCHITECTS LTD's** expertise lay in the hiring of talented Architects, Engineers, and Urban planners as outstanding experts and passionate partners. We encourage our people to bring out their marvels and valuable ideas of design. We encourage our architects and engineers to work together so that they combining their knowledge from different disciplines practicing architecture at a high level of quality. **SLAL** strives to provide reliable and professional services with the possible highest level of quality. Through the development and implementation of a management system, we provide an adequate working environment that enhances our employees and improves their productivity. Inspiration and accuracy. Innovation is the core value in our work that we always deliver. **SLAL** offers progressive architectural and engineering from concept design through to detailed design and construction plans. It also provides post-contract onsite supervision. **SLAL** portfolio is rich in world-class projects from commercial, residential, retail, and mixed-use projects to hospitality, leisure, sports, healthcare, education, and urban planning even landscape and interior design. Its simplistic approach to design and construction helps deliver successfully and on-time completion reliably and efficiently.
